Mr. H. P. Howland, LL.D.,
119 West 40th Street,
New York.

Dear Dr. Howland:

It was a great pleasure to get your letter, and this morning to receive the copy of "The Independent", which you were good enough to send me. Your visit is to us a most pleasing memory, and I hope that the event will be of large significance. I am glad that you were able to give publicity to it in "The Independent", whose readers belong to that intelligent portion of the community who form the opinion of the nation at large.

I am glad to say in answer to your kind inquiry that I am myself again, and with kind regards,

I am,

Yours sincerely,

President.
